REVO

Message from Management's Desk

At REVO, we believe in more than just manufacturing vehicles; we build trust and foster a sense of community. Our commitment to quality and customer satisfaction drives to exceed expectations in every aspect of our business.

From our cutting-edge technology unit Haryana to our expansive service network across Punjab, Rajasthan, U.P., M.P and beyond, we are steadfast in our mission to deliver excellence. Join us in our journey as we lead the EVolution of scooters, bringing a wave of trust, superior quality and unparalleled service to the nation. Together, we can shape a sustainable and prosperous future for all.

OUR VISION

We believe that our growth is driven by the success of our dealers.

By empowering our dealer network with innovative electric mobility solutions, strong business support, and sustainable technology, we aim to create a future where everyone thrives together.

As our dealers grow, so does our brand—building a cleaner, greener, and electrified tomorrow.

OUR MISSION

Our mission is to provide high-quality, reliable, and cost-effective electric vehicles that offer true value for every penny spent by our customers. We are committed to delivering superior performance, innovative technology, and exceptional after-sales support, ensuring that every ride is not just affordable but also sustainable.

By prioritizing customer satisfaction and dealer success, we drive a future where electric mobility is accessible to all.

WARRANTY POLICY

We are pleased to inform you of the warranty policy applicable to the components of our electric two-wheelers for your dealership. This policy has been designed to ensure smooth after-sales service and maintain customer satisfaction.

The warranty coverage for the following components from the date of factory billing is as follows:

- 1) Motor: 12 months + 1 month buffer period
- 2) Controller: 12 months + 1 Month buffer period
- 3) 3. Charger: 12 months + 1-month buffer period
- 4) Battery (including bulging issues): 12 months + 1-month buffer period

The buffer period is intended to provide additional flexibility to dealer only in case of warranty claims made slightly beyond the standard 12-month period. During this one, any manufacturing defects or issues covered under the warranty terms will be addressed as per the standard procedure.

Please ensure that this policy is effectively communicated to your staff and customers.

We look forward to your continued support in delivering high-quality services to our customers.

Thank you for your co-operation.
